

# GROUND SOAKED WITH HEAVY SHOWER LAST WEEK

Heavy showers throughout the district continue as the season advances. Many farmers who waited too long before commencing sowing operations, find themselves severely handicapped by the intermittent showers but it is reported that approximately 80 per cent of seeding has now been completed.

Although moisture is plentiful, farmers are now hoping for more, stronger sunbake as there is a danger that growth will be retarded if cloudy weather continues, despite the fact that early-sown crops are well advanced.

Precipitation this spring is heavier than at any time for the past fifteen years, according to available reports, and it is anticipated that, with normal weather throughout the summer, a bumper crop will be harvested in the fall.

## CHAUTAQUA BEGINS NEXT TUESDAY, JUNE 14TH

Next Tuesday evening, June 14th, Chautauque opens in this town for the sixteenth consecutive year. This year for the first time in all these years Chautauque will be here for four days only instead of six.

The first performance begins in the evening at 8 p.m. when the play "New Broome" will take place. Following this, during the next three days the usual afternoon and evening programs will be given.

At the afternoon performance at 2 p.m. All should get a program and make for themselves what a treat there is in store for them.

## CORRESPONDENCE

Editor Call:

April last when the citizens of Glendon celebrated the victory of the Glen Hockey Club winning the cup in the form of a banner, the chairman of the evening Mr. Jas. Black made an appeal to the citizens of Glendon emphasizing the necessity of a covered rink and suggested that a committee be formed to work towards a view of building a rink. The Athletic Club got busy and organized different committees and several money making schemes were thought of and put into action.

A sports day was arranged for the 26th of July, proceeds for a covered rink. Tickets were printed and some distributed and results so far are satisfactory. Ladies are arranging what drives and bridge drives, which are well patronized. A supper was given on by the ladies on the 27th of May and a neat amount was cleared. If the men would get behind this movement for a covered rink as the ladies did we would sure accomplish our aim.

Monday night a meeting was called to organize for the sports day and anybody showed up.

The executive alone cannot accomplish anything unless they have the support of all the citizens behind them. The Athletic Club is appealing to all citizens of Glendon and wishing to get busy and put this into action.

With compliments will be a credit to us.

Yours respectfully,  
Per J. A. Guttman, Pres.

## ON THE CHESS STANDARD

Cheese holds a place of considerable value on the daily menu of many families throughout the world. But hardly would one say that it was "worth its weight in gold." Nevertheless, in the town of Leroy, Saskatchewan, cheese recently has been adopted as the monetary standard.

The reason for the Leroyers going off the gold standard on the cheese originated last year when it was proposed to rebuild the cheese factory. Capital for the purpose being difficult to obtain, coupons were issued bearing the factory's promise to pay 20 cents for every 100 pounds of milk redeemable when the cheese issue was made.

# BALL TOSSERS STILL HOLD SPOTLIGHT

The Battery humbled the mighty Roughriders Monday evening with a score of 10-0. The fact as the matter is the boys in blue played the orange giants to a standstill. The key pitcher of the Battery sent the last year champions home talking to themselves.

The Outlaws worked themselves closer to the top of the league last Wednesday evening when they defeated Meadowbrook. The farmers were well up in the first half of the game. Cliff Kiepp made two round trips to home plate. But in the last half, Meadowbrook blew up and the Outlaws topped up seven runs to come out 10-2.

The softball boys have done considerable repair work to the diamond. At the home plate where a hole in the players deep had been worn by early season play, the wire fence behind the plate has been repaired with telephone poles. The netting is now in better shape than it ever was.

## SOFTBALL LEAGUE STANDING

The telephone gang who have been repairing the broken lines in this district for the past month or so have moved to Valdez. The boys got a pretty well known around town and help to maintain up the town connection.

We have heard a lot of them say it "rained cats and dogs" but in Band it rained wild ducks, believe it or not. The ducks swam in the oil road and asphalt for streams of rain, and it did and broke their necks.

The Glendon reservoir will be filled with water last week the delight of the oval boys. A number of folks have taken advantage of the water to have a swim and report it as being better than the cold water of the San. Dave opened up his booth in the bath house with Lester Grey on Monday the pressure pump was started and water put through the irrigation system. It was shut off late on when a leak in the main was discovered at Mr. Pinder's corner and in front of Pete Deland's residence.

should actually be sold. The plan, which now has been in progress for some time, has proved so satisfactory that milk coupons of the cheese factory are now reported to be circulating in the community as readily as cash.

Some economists, of course, might object to this cheese standard. It is almost certain that a cheese standard is almost certain to have some holes in it. And politicians no doubt are aware of the starting possibilities which would arise with a wide adoption of cheese as a monetary standard. It would seem, for instance, that Switzerland might easily dominate the rest of the world by means of its cheese. Or a milkster in the remote realm might subject the rest of the world to a long period of deflation.

However, the plan sounds interesting. A little examination probably would reveal that the gold standard is still operating in Leroy and that the value of certificates in terms of price is based in Canadian money. The expert would seem to show, nevertheless, the intelligent management of affairs is indispensable in the workings of any monetary standard, and that standard has not yet attained the ability to make gold behave.

# Covered Rink Now Assured Athletic Club Buys Big Barn Work to Begin in Short Time

The Athletic Club has put through a deal with G. T. Jones and have purchased his barn and out buildings, for the proposed new rink. Actual work of tearing down the building will not start for a few days yet. All obstacles in regards to taking over the barn have been removed. And all that is necessary now is for everyone to get behind the covered rink and work. If all do their duty the rink will be finished before snow flies this fall.

The Commercial Cartage Company has donated two carloads of gravel for the foundation.

The new skating rink continues to be well patronized. Last Friday night drive at the house of Mr. and Mrs. W. McCulloch proved no exception to the rule. A number of people who had not attended their previous skating parties. After all it is the girls that count so if you are unable to attend and your friends are also unable to go for your own and receive the benefit of the ladies who stage the card parties and the numbers of the Athletic Club.

Mr. Little reports that his peas are in bloom. Apparently he is the first gardener in town to be able to report that. Here is wishing Mr. Little every success with his garden. Twenty million dollars paid for tickets in the latest Irish hockey newspaper—and Premier R. B. Bennett recently placed a sum on an unexpected ticket of all description. De spite Mr. Bennett's ban, several Canadian received prizes in the Derby lottery and it is confidently anticipated that Glenshten will get their quota of prizes in the next drawing.

It is some time since we have seen prettier windows in Glendon than those of Ramsay's Live Store these few days, the firm have been showing the very latest and newest in Beach Pyjamas with Hats to match, charming patterns priced \$2.50 and also a large shipment of Pristella Dresses retelling at \$1.50. To say these are pretty and puny is mild, and the Men certainly have to take a back seat these days, ordinary suits for Dad which he has to wear are now very common place. Ramsay's are certainly on the jump, as these goods were shown for the first time last week in the big stores in Calgary and priced as same figures as the Live Store are offering and can be secured in Glendon at the store of City Bank.

Mr. John W. Galt, of Cut Bank, Montana, has been visiting Mr. and Mrs. Joe Crawford on the Blackfoot Reserve past few days, Mrs. Galt is a niece of the celebrated Harry Crawford, and is in Alberta at present securing material facts for a book on the subject of the Indian History. ## OBITUARY

MRS. A. B. BUCHAN

Mrs. Jean McKay Buchan, age 44 years, wife of A. B. Buchan of Cluny passed away early Saturday morning. With her husband and family she came from Calgary to Cluny some three years ago when they took over the hardware business there. She had become favorably known in Cluny and district and took a great interest in United Church work. In Calgary she was member of the Grace Church, and in Cluny, near Westlock, since 1917, near Westlock, and came west in 1916, teaching school at Margahat, Babes and Clearbrook and on January 12, 1916 was married to A. B. Buchan. As well as her husband four children survive her namely: Elizabeth, 18, Hugh, 11, Margaret, 9 and Catherine, 6. She also leaves two brothers, William and John of Detroit and four sisters, Mrs. Harzer of Pontiac, Mich., Dolina of Detroit, Anna of Los Angeles and Kate of Price River, Wyo. The funeral services were conducted by Rev. V. M. Gilbert in the United Church, Glendon, on a clock Monday afternoon when the church was filled with friends and relatives from Cluny. Interments after words taking place in the Glendon cemetery with G. W. Evans in charge. There was a large number of floral offerings.

## FRANK WIKERICHEN

A Glendon old-timer, Frank Wikerichen died last Wednesday. His age is not known but it is thought he was in his early seventies. He came to Glendon in 1911 from Nebraska and worked for some 15 years for Chris Barstad and at other times worked elsewhere. For the last four years he has made his home with Mrs. and Mrs. Wilson, three and one half miles straight north of town. They report he was a fine steady fellow and had never married. For the past two months he had been confined to bed with heart trouble with doctors in the house. The funeral took place Friday afternoon from St. Andrew's church with Rev. J. B. Barnes officiating the services. Interments taking place in the Glendon cemetery with G. W. Evans in charge. The pall bearers were R. S. Haskayne, W. Stenstrom, J. O. Bogie, W. Vandell, W. Graves and Dan Melrod.

## J. W. BARNES

Word was received last Thursday by Mrs. Wm. Vandell and Mrs. Allcott from a sister Mrs. J. Barnes of the death of her husband John W. Barnes, aged 60 years at New Westminster, B.C.

Many Glendon old-timers will remember "Jack" Barnes the well known. He came to Canada from Boston, Lincolnshire, England in 1902, working in Glendon shortly after. Starting well drilling with a partner under the name of "The Glendon Drilling and Drilling Co." and later taking partnership with Sam Sams, taking Otis's place. Some time later Jack went into the dry drilling business alone. He left Glendon in the fall of 1916 for the coast and had resided there ever since. Besides his wife he leaves nine children and it is thought his family still resides in England. His only brother Harry who visited him here was killed overseas.

## THE REVOLT AGAINST CHEAPNESS

An encouraging sign of the times is the very marked reversal which is now becoming evident against abnormally cheap products, particularly in the department store trading. # Canada's Silver Production

## British Columbia Contributes Largest Amount to Canada's Total

The Canadian silver production in 1932 was approximately 20 million ounces, or 10.5 per cent. of the world's total. The production of 1931 was approximately 19 million ounces.

Of the total production for many years, British Columbia has ranked third amongst the silver-producing countries of the world, being surpassed only by the United States and Mexico.

The former contributing about 42 per cent. and the latter about 40 per cent. of the total world production.

The silver mines of Colorado and adjacent areas in northern Ontario were for many years the principal source of the Canadian production, but their output in recent years has shown a gradual decline.

Important contributions to Canada's silver production are now being made by mines in the Noranda district of the Province of Quebec and in the Flin Flon district of the Province of Manitoba.

The Yukon Territory has for several years been producing annually about four million ounces of silver, derived from the same sources as the rest of the Dominion.

British Columbia is now the leading silver-producing province in the Dominion, having contributed about 39 per cent. of the total production in 1932.

The silver is obtained mainly as a by-product in the treatment of important contributions to Canada's silver production are now being made by mines in the Noranda district of the Province of Quebec and in the Flin Flon district of the Province of Manitoba.

# Speed Of Aeroplane

## Man Can Now Travel By Plane Faster Than A Bullet

Man is able to travel today with the speed of a bullet. When Flight Lieutenant Stanforth of the British navy, winner of the 1931 Schneider trophy race, made a speed for the first lap of 414.2 miles an hour, he actually went faster than the maximum speed of a bullet from a British service revolver.

This bullet has a muzzle velocity of 400 feet a second, or 400 miles an hour. Therefore, a revolver bullet was first just as the flyer passed, in theory the bullet might be expected to travel about twice the ship, and the flyer might feel safe in reaching out and touching it, or even putting it in his pocket while it was still proceeding at full speed.

The flyer's speed might also be said to have been faster than the average speed of a Springfield rifle bullet, says Popular Mechanics magazine.

Such a mistake leaves the muzzle at 1,603 feet a second, equal to 1,600 miles an hour, and its average speed over its effective range of 1,800 yards is 1,570 miles an hour. However, after the bullet has covered its effective range, it slows on and, until, slowed down by air resistance, it drops to the ground speed. At the end of its range, it has virtually little speed, and it is therefore safe to take it as being less than for the plane at full speed. The bullet would hit, however, if the plane speed were averaged in the same way.

# Disabilities Of Government

## Administrations Face Great Difficulties Under Economic Strains

There was a time, not long ago, when democratic governments faced simple issues. So long as the problems before electorate had to do mainly with extension of the suffrage, with the removal of religious disabilities, or with the breaking of the ties of privilege, the voter was confronted with a limited number of straightforward questions, the answers to which he could find in his own mind.

Today this is no longer so. The most important questions, which governments and the peoples who support them now face, are not political but economic. They are concerned not with the suffrage, but with the direction of industry; not with religious disabilities, but with the gold standard; not with inherited privilege, but with restrictions upon the freedom of trade.

Anytime that the government is faced with these problems, it is faced with a limited number of straightforward questions, the answers to which he could find in his own mind.

# Disabilities Of Government

## Administrations Face Great Difficulties Under Economic Strains

There was a time, not long ago, when democratic governments faced simple issues. So long as the problems before electorate had to do mainly with extension of the suffrage, with the removal of religious disabilities, or with the breaking of the ties of privilege, the voter was confronted with a limited number of straightforward questions, the answers to which he could find in his own mind.

Today this is no longer so. The most important questions, which governments and the peoples who support them now face, are not political but economic. They are concerned not with the suffrage, but with the direction of industry; not with religious disabilities, but with the gold standard; not with inherited privilege, but with restrictions upon the freedom of trade.

Anytime that the government is faced with these problems, it is faced with a limited number of straightforward questions, the answers to which he could find in his own mind.

# Wheat Quotas Saskatchewan Producers Submit Findings For Presentation To Imperial Conference

Canada is deciding on a policy of import quotas in wheat for Britain at the coming Imperial Conference is urged by Saskatchewan producers.

Neither for or against wheat quotas, recommendations to the provincial government will be submitted by the Imperial Conference in connection with the Imperial Conference called "careless" by the Saskatchewan producers.

# Delegates To Attend The Imperial Conference Have Been Announced

OTTAWA, Ont.—With the exception of the Irish Free State and Newfoundland, all representatives of the British Empire—the United Kingdom, Australia, New Zealand, South Africa, India, and southern Rhodesia—have announced their delegates to the coming Imperial Economic Conference.

Thursday, June 2, 1936, the British Empire Government announced that its delegates would comprise Premier G. W. Forbes, Hon. J. W. Dowie, Minister of Finance and Customs, and H. H. H. G. Cotes, Minister of Transportation and Employment. The three Atlantic representatives will be in Ottawa for the opening of the conference on Thursday, July 21.

Both the Irish Free State and Newfoundland have definitely accepted the invitations of Prime Minister R. B. Bennett to be represented. President Eamon de Valera will head the Irish Free State delegation in all probability. Newfoundland is at present in the throes of a general election campaign with polling day set for Saturday, June 11. When the election of the old east British colony have recorded their opinion of the administration of Sir Richard Squires, selection of the Newfoundland delegates to the conference will follow.

Under Rt. Hon. Stanley Baldwin, Lord President of the Council, the former Prime Minister of Great Britain, the delegation from the United Kingdom will also include Rt. Hon. J. H. Thomas, Secretary of State for the Dominions; Rt. Hon. Lord Halifax, Secretary of State for Foreign Affairs; Rt. Hon. R. B. Bennett, President of the Board of Trade; Rt. Hon. Sir Philip Cunliffe-Lister, Secretary of State for the Colonies. The attendance of some of the members of the United Kingdom delegation is contingent on developments from the Lausanne conference and other international engagements.

Prime Minister Bennett, as the first minister in his administration, will be present at all discussions, following the British practice at Imperial Conferences. As occasion necessitates, his colleagues will be changed from time to time, dependent on the matters which are being discussed.

## Being Held At Border

### Holiday Makers Delighted At Value

#### By United States Authorities

Victoria, B.C.—A number of holiday-makers from the United States who came to Victoria to spend the day excursion were held by United States immigration authorities waiting investigation of their right to return to the United States. Many former Britishers arrived in Victoria in advantage of the holiday to return to Victoria, where they formerly resided. Some of them had been in the United States when regulations were not so strict, and because of long residence there believed they had a right to re-main.

## Sight Sea Monster

### Strange Marine Creature Caught Thrill In Pacific Coast Waters

A 40-foot sea monster, colored blue and white, with bulbous body and great head, was being sighted twice within the past week off the coast between Vancouver Island and the mainland of British Columbia, about 100 miles north of Vancouver.

It was observed on both occasions by the Canadian Pacific mail steamer "Princess Adelaide," the second time it provided a thrilling close-up by returning right under the stern of the vessel.

## Must Become Employed

Mexico City.—All foreign employees of the National Railways must be Mexican citizens within 30 days or be replaced by Mexican employees. The Department of Industry announced recently.

## Declared Sane

Paris, France.—A committee of three alienists found that Dr. Paul Gorguly, assassin of the late King Louis Duemer, was entirely sane and responsible for his crime. Gorguly's lawyers will demand a new examination.

## Observers From Peru

Lima, Peru.—Appointment of Felipe Paro Cienfuegos Altamira and Jorge Chano, as observers for the United States at the forthcoming economic conference at Ottawa, was announced by the government.

## Won the Derby

### Motion Picture Comedy, Well-Known To Canadians, Over Of Speedy Col

Epson Downs, Eng.—Tom Walls, motion picture comedian, director and person, who, until April, the 1935, won the Derby, is well known to Canadian motion picture audiences. He has produced a number of comedy successes at the Aldwych Theatre in London, teamed with Ralph Lynn, known as the "comedian with the monocle." Their joint appearances in the motion picture "Pianito," "One Hundred Years Ago," and "Tons of Money," have been well received in Canada and the United States.

Walls has been an active figure in development of the British film industry. He personally directed the film version of Frederick Lonsdale's "On Approval" in which he also played a leading role.

## Scientists To Visit West

### Going To Post And Fort For Two Secure Data

Montreal, Que.—En route to Fort in the Northwest Territories to make scientific observations, the first young Englishman left Montreal for Edmonton on a commercial trip. The world over, the observations will be made as part of the 1932-33 polar year program. The Royal Canadian Mounted Police will be in charge of the expedition.

## Town &amp; District

Don't forget the Athletic Sports Day July 9th.

Mrs. Ross of Cutbank, Mont., is visiting friends on the reserve.

Don't forget the Athletic meeting Thursday evening. We are welcome.

The Dominion government is extending the 50 bonus for wheat until June 30th.

The tax collections up to date have been coming in fine according to Secretary Murray.

Miss Phyllis Birdson, of Dorothy, spent the week-end visiting her parents Mr. and Mrs. E. L. Birdson.

Ell Woods left last week with a carload of machinery for Dawson Creek, B. C.

Artie Simpson of Banana has been in town lately working on the telephone lines.

The Arrowwood sports was postponed owing to the unsettled condition of the weather and had roads to Saturday, June 18th.

Three covered wagons trekked their way through town last week from Saskatchewan enroute to the Peace River Country. Covered wagons are becoming very popular these days.

The entries for the Goodyear Tire contest have been sent in now for the prize winners.

There will be a dance in the Meadowbrook Hall next Friday, June 10th. The Rockford orchestra will supply the music and everybody is guaranteed a good time.

Mrs. Bolton of Calgary is spending a few weeks visiting at the home of Mr. and Mrs. Campbell Evans.

Mr. and Mrs. Geo. H. Goodrich, Colonel and Mrs. Lewis and Dr. Windy attended the banquet in Calgary in honor of an Indian Commissioner W. M. Graham, who has retired after 47 years service in the department of Indian Affairs in Western Canada.

Saturday night brings the "Play Girl" into action in the Community Hall with Loreta Young and Winnie Lightner starting in this picture.

Hugh Beach of the Edmonton University is spending a few days in town visiting his parents Mr. and Mrs. T. H. Beach.

Colin Walls of Dalhousie, N. B., drifted into town last week to renew acquaintances with the young fellows here shortly. Colin left Gleichen in 1928 about after the mother passed away.

Attention Mr. or Mrs. Cow owners also boss owners. Mr. Murray and Mr. Lester are on the warpath. If your animals are running loose or picketed, was behind the poor beast and your derelict pet look. It appears Mr. Murray's arm has got very tired lifting up the telephone receiver, listening to complaints. Now when he gets a complaint he hops into his car, and steps on 'er, finds Mr. Lester even if that boy is down a man hole or on top a electric light pole, the two then sail through the town looking for trouble. The town should supply the car with a police officer so these boys will not loose anyone dodging traffic.

Let me see, what's on Thursday night? O-o-o-o I got it. The Athletic Club meeting—where my hat I must go.

Last week during the heavy rains the Bow river rose to a great height. So high was the water that it was impossible to get within half a mile of the bridge, going to Arrowwood. At one time it was reported that the bridge spanning the river south of Cluny had gone out. Later this was found to be untrue but some culverts leading to it had been washed out. At South Camp the rising waters covered a very wide area.

## Here and There

Practically an egg a day is eaten by every man, woman and child in Canada. The average per capita yearly consumption of eggs in this Dominion is 81, the highest of any country, according to an official computation.

Canada's gold production in 1931 reached the high mark of 2,522,778 ounces valued at \$58,187,500. This is 27 per cent above the 1920 production. Of this total the province of Ontario accounted for 2,279,762 ounces valued at \$42,225,000.

New Brunswick can now claim the rare distinction of producing a white wine. The first was caught by Jack Plating of Fredericton who trapped it near the village of Lincoln. It has been bought by the government and will be mounted and placed on exhibition.

Hon. Cairns Wilson, Canada's only woman Senator, arrived recently at Quebec on board the Empress of Australia, from a trip through Europe. While in London she was the guest of the Duchess of Lincoln. She could not make comparisons with the Senate since the House was not in session.

Western plains have been given a boost by the rains of the last days of April and farmers of the prairie provinces are cheered by the feeding conditions and good prospects of the pastures according to information summarized by the Canadian Pacific agricultural department crop report.

Following the announcement of reduced ocean rates on Canadian Pacific ships on the Atlantic, one of the oldest parties ever to leave Toronto at this time of year for the Old Country sailed recently aboard the Duchess of York. There were 273 in the party drawn from all parts of Canada but mostly from Toronto.

The first case of roses and shrubs from France for Grand Pre Park, Nova Scotia, arrived there recently. They are from Chateaufort, France, the gift of the mayor of that town. Chateaufort is one of the places in France where the allied soldiers settled after the Grand Pre expedition.

Four stretches of New Brunswick trout and salmon waters were sold at the Department of Lands and Mines recently for prices totaling \$1830.

These leases for a term of 10 years are on the Bonaventure, Kedgwick, Matapeia and Big Belov rivers and prices paid are the highest ever charged.

Daylight saving time, commenced in Quebec and Ontario provinces May 1, occasioned confusion, on Canadian Pacific travel. Travelers have now learned the railways really ran on standard time and time itself selves accordingly. The railway announced a number of track time alterations prior to the introduction of daylight saving.

From little Norfolk Island in the South Pacific, one of the smallest units in the Empire, came an excellent sample of house for exhibition. The 1929 Grand Exhibition and Conference to be held at Regina, July 1929, has just seen the unveiling of a well-known miniature of the "Bounty" in 1856 but it has long ago changed from a penal to a prosperous settlement. Strange but true—Los Angeles, is about 80 miles further east than Reno, Nevada.

To this singer is well, to prevent it better.

## Here and There

Exports of Canadian wheat during the month of March totaled 5,929,554 bushels, of which only 1,138 bushels were routed through the United States Atlantic seaboard ports in 1932.

Canada's butter exports to the British Isles and other countries totaled 1,101,000 pounds, valued at \$1,180,400 as compared with only 1,180,400 pounds in 1931.

Canada's food and bakery products industry showed production of 2,222,222 in 1931 as compared with 1,935, through 2,698 establishments.

March was the year's best for the Canadian Pacific Railway in Ontario and Quebec. The total tonnage was 1,101,000 tons, at a rate of 500 tons per day, as compared with 932 tons per day in February and 832 in January.

W. G. Chester, dean of Canadian railroad veterans, has just retired, in Winnipeg, after 25 years in the profession in Canada, with a total of 1,101,000 tons, at a rate of 500 tons per day, as compared with 932 tons per day in February and 832 in January.

Excursions run by the Canadian Pacific Railway between various points in Eastern Canada have met with unusual success. Since the start of the season over 100,000 persons have been carried on visits and holidays, over double the number of the over double week-end, by its means.

The 1931 census shows 725,544, 17,154 more than in 1921, when the count was taken in 1921. Quebec, Manitoba, Saskatchewan, Alberta and British Columbia are responsible for the increase, with the last named in the lead.

Navigation opened in Montreal on April 14th with the Canadian Pacific freight steamer, the first trans-Atlantic ship in port. Her master, Captain, arrived so, receiving the gold-headed cane, presented annually by the Harbor Commissioners, for this trip.

Passenger honors in the trans-Atlantic service also fell to the Canadian Pacific, when the liner Montserrat departed the afternoon of Thursday, April 14th, as the first passenger ship to arrive in Montreal. Thus the C. P. has claimed double honors for the 1932 season.

Liverpool witnessed an unusual event on April 4, when 730 British boys and girls, embarked from the Canadian Pacific liner Montserrat, after a rapid cruise in the Mediterranean. A great London daily newspaper has offered prizes for the best essays written on the trip.

Some weird stories have been told of feline sagacity, but the spot record would appear to be held by a Siamese cat, which when the left England to go to New York to begin her world cruise last winter. Puss finally decided to stop herself when the ship was halfway through her long trip. The Empress got the ship was halfway through her long trip. The Empress got the ship was halfway through her long trip. The Empress got the ship was halfway through her long trip.

The Colonel touring Europe on his leave of absence, did not forget the one he left behind. His son received a card from Sparta saying: "This is the cliff from which the Spartans used to throw their defective children when you were here—Dad!"
